

CONVERTING KNOWLEDGE INTO WISDOM

What is one piece of knowledge I have that is not getting converted into wisdom that if it were would create a chain reaction in my life?

What is the interference that keeps that knowledge from converting into wisdom? What is the obstacle? What is the cog in the wheel of my conversion system?

What would happen in my life if that knowledge were successfully converted into wisdom? What would get better for me, my family, my business etc...?

Bonus Questions:

How would my life become more fulfilling by converting that knowledge into wisdom?

What would become possible for me if I were a master of converting knowledge into wisdom?

If I were teaching others the process of converting knowledge into wisdom what would my lesson plan include?
